Description of Changes

The following part numbers are being obsoleted (obsolete status). A last time buy opportunity is provided as per the dates stated thereafter. If there are suggested TE Connectivity substitute part numbers or alternate part numbers, they are shown below with any significant difference described. Please note that new conditions may apply, please contact your local customer sales representative for a quotation.

Reason for Changes:

Discontinuance. Dear Customer, You are receiving this notice because TE Connectivity has record of you purchasing a part or multiple parts on the list below. According RoHS restrictions cadmium is only allowed to be used per an exception which is currently in discussion to be expired. This situation is causing that our supplier is stopping production of AgCdO contacts which is resulting in the discontinuance of the part numbers mentioned in this PCN. Please be aware that VDE approval for following RM AgNi versions is expected to be available during October 2018: RM3xxxxx, RM6xxxxx, RM7xxxxx and RMBxxxxx.
