RE: End of Life Notice for Bridgelux LED Array Gen 6 including V Series Gen 6 and Vero Series Gen 6

Ref: BL-EOL 06182021

This is an End of Life (EOL) notice for the Bridgelux LED Array Gen 6 including V Series Gen 6 and Vero Series Gen 6 products.

Last time buy orders must be placed no later than Jan 17, 2022 with products shipping no later than February 28, 2022.

Bridgelux is discontinuing the Gen 6 V series and Gen 6 Vero series due to the latest release of the improved Gen 8 series of Array products. Gen 7 will also continued to be supported and available.

Bridgelux LED Arrays have market leading performance for solid-state lighting applications. The recommendation for customers is to convert their Gen 6 based designs to the respective replacements available in Gen 7 or Gen 8. All Gen 6 Arrays have mechanical and optical drop-in replacements.

End of Life part numbers are listed in Table 1 and Table 2.
