All associated options and specials will also be affected. See Appendix for full part number list.

**Description and Extent of Change:**

Addition of alternative assembly and testing line in a different facility for listed optocoupler devices. This facility is an existing manufacturing site for other optocoupler platforms (8-Pin DIP package, 8-Pin Widebody DIP package and SO-16 package)

**Reasons for Change:**

To bring added manufacturing capacity and flexibility on line for listed optocoupler devices.

**Effect of Change on Fit, Form, Function, Quality, or Reliability:**

The devices manufactured from the new address location will have exact electrical and physical characteristics and performance as devices manufactured under existing address. No changes are required in customer's existing application to use the parts from new address.

**Effective Date of Change:**

Product shipments using this change will begin with date code starting from 1338 (yyww).

**Qualification Data:**

Qualification is in progress and will be generated for approval. These changes will be reviewed and approved by Avago Technologies engineers and managers per Avago Technologies procedure.
